¹ Gen 5:32 say **After** Noah was 500 yr old (ESV, NIV84 translate ׀ as After; KJV, NKJV translate ׀ as And, NASB95 didn't translate the ׀).

We see in Gen 7:6 that Noah was 600 yr old when the flood came. And in Gen 8:13 we see that Noah is 601 yr old after the flood when he got off the ark.

Now in Gen 11:10 we see that 2 years after the flood Shem was 100 yr old. So the probable age of Noah when Shem was born was (601+ 2 - 100 = 503 yr old).

² See the notes in the **Patriarch Ages timeline** for how to determine Jacob's age when Joseph was born.

Bible Timeline

Dating when the children of Isreal moved to Egypt

Jacob lived in Egypt 17 years (Gen 47:28) and he lived to be 147. So by subtracting 17 from 147, he must have been 130 when he moved to Egypt. Now Jacob was born in 2106 plus 130 make it 2236 when the children of Isreal moved to Egypt.

147	Jacob's age when he died
- 17	number of years he lived in Egypt
130	age when he moved to Egypt

Dating the Exodus

The children of Isreal live in Egypt for 430 years to the very day (Exodus 12:33). Therefore $2236 + 430 = 2666$.

2106	year of Jacob's birth
+ 130	age when he moved to Egypt
+ 430	time that children of Israel lived in Egypt (Ex 12:33)
2666	year that the Exodus occurred

Dating Mose birth

Moses lived to be 120 (Duet. 34:7) and he was 80 during the time he came before Pharoah (Exodus 7:6). Which also accounts for the 40 years of wandering in the desert. So if $2666 - 80 = 2586$ is Moses date of birth.

2666	year of the Exodus
- 80	Moses's age when he came before Pharoah (Ex 7:6)
2586	year Moses was born

Dating the start of building the Temple

In 1 Kings 6:1 it clearly tells us that 480 years has passed since the Exodus until the start of the temple. $2666 + 480 = 3146$.

2666	year of the Exodus
+ 480	time since Exodus until temple started (1 Kgs 6:1)
3146	year the temple was started

Date	Changes
May 1992	Created using text editor. (Lewisville, Tx at apartment on Corporate Dr
Aug 1998	Believe this is when I created Word version
Sept 2007	Believe this is when I added Age at Death
July 2008	This is when I added DOB/DOD using our dating system
April 2009	Added Legend, spaced Nahor & Rue for clarity, added revision history page
Feb 2012	Corrected Bible Refs in table <u>Ages and References to Patriarchs</u> , at sometime they got skewed one line. Corrected Seth's date of death (from creation). Rechecked all date calculations. Also added notes for Noah's age when Shem was born. And notes for calculating Jacob's age when Joseph was born. Removed old Revision dates from footer to refer to this page.

Notes:

- On my 2008 copy, there is confirmation of correlating our dating system. See NIV Study Bible (copyrighted 2002, ISBN 0-310-92970-9) in the prelude to Genesis-Author and Dating in the 2nd paragraph. Solomon's temple in 966 BC and the Exodus in 1466 BC and entry into promise land 1406 BC.
- If you look on page 2 of the Holman Bible, and under the 2nd & 3rd headings you will find Joseph's death at 1805 BC and Abraham's birth at 2166 BC. These actually correspond to the dates in my timeline.
